WAR SECRETARY IN CHARGE OF SITUATION AT DAYTON

WIRES CAPITAL OF RISING OHIO

States River Is Threatening the Valley Towns; Says Flood Reports Exaggerated

DEAD BEING RECOVERED FROM FLOODED SECTIONS

Pestilence Threatens; Looters Shot in Columbus—Fresh Flood Danger Menacing

DAYTON, March 29.—Secretary of War Garrison and party arrived at 12:30 p. m. and immediately conferred with the mayor and committee of citizens. Secretary Garrison then officially reported to Washington.

When the special train bearing Secretary of War Garrison and Chief of the Army Staff, General Leonard Wood, arrived at Cincinnati this morning they started immediately for Dayton by automobile.

At the request of Governor Cox, Secretary of War Garrison has assumed full charge of the situation here. The city will probably be divided into five health districts with a government expert in charge of each district.

The secretary's report to Washington was as follows: "The situation here is well in hand. The flood is receding in the small rivers but the Ohio is rising at Cincinnati where it is now 65 feet and threatening the towns below. Officials have been sent downstream to make observations and will then report to Major Logan at Cincinnati." Secretary Garrison also wired that the estimates of flood fatalities had been exaggerated.

MILITIA SUBJECT TO CITIZENS COMMISSION BY COX ORDER
A commission form of government has been organized here, the regular government being set aside during the flood emergency. By order of the governor the state militia will be made subject to the order of the citizens' commission headed by John Patterson, president of the National Cash Register company.

Situation at Dayton
DAYTON, Ohio, March 29.—Dayton undertakers declare that eight hundred people are dead here. The digging among the refuse is unearthing dozens of bodies. The flood water is polluting the debris and a pestilence is greatly feared. The city council will vote special bonds to care for the situation.

At 10 o'clock seventy-four corpses had been recovered. Twenty-five of them were unidentified. It is feared that many flooded buildings here are in danger of collapsing. Officials inspected the Steele high school today and ordered it vacated and roped off. They declare it is undermined, and may collapse at any moment. There is plenty of food here now for present needs but more will be needed soon.

Beginning tonight the church bells with ring the curfew at 6 o'clock. All streets will be vacated. This is a precaution against looting. Sanitary engineers are guarding against pestilence by supervising the removal and disposition of debris. Carloads of lime and other disinfectants are coming.

GOV. COX CALLS FOR EXTRA FOOD AND CLOTHING SUPPLY
COLUMBUS, March 29.—As a result of unexpected calls for help from various sections of the Ohio flooded district, Governor Cox today issued another proclamation asking for food and clothing.

By 11 o'clock 61 bodies had been recovered here, 38 of them being unidentified. All relief trains to Dayton were halted by the railroad bridge at Urbana, sinking down two feet. A relief train had started for Zanesville carrying thirty boats, supplies and clothing. A squad of soldiers that had been detailed to hunt looters shot and killed Edward McKinley and Edward White. Each were caught with a sack filled with valuables.

ESTIMATES OF THOSE DEAD FROM FLOOD IN INDIANA
INDIANAPOLIS, March 29.—Today's estimates of the Indiana flood dead are: Peru, 20; Brookville, 16; Lawrence county, 15; Fort Wayne, 6; Washington, 6; Cedar Grove, 6; W. Hartford, 2; Muncie, Lafayette, Newcastle, Rushville, Shelton and East Mount Carmel, one each. Many counties are reporting deaths that are as yet unconfirmed.

1913 Year of Woe For America Says Famous Seeress

PARIS, March 29.—A declaration that the Omaha tornado, and the Ohio and Indiana floods are but forerunners of the disasters to befall America throughout this year, was voiced by Madame Thebes, the famous Parisian seeress, who has predicted many disasters in recent years and who predicted the Omaha and Ohio catastrophes.

"Let Americans protect themselves against further cyclones and inundations," she said today, "for I can't see calm returning to America before April 21. The finger of God is at work in America. September will be the most dangerous month there. Terrible fire, wind and water disasters will assail her. She will see a large portion of her territory slip into the sea within the next few generations. September's disasters will be largely from the winds."

DEMOCRATS EDGE \$1,000 IS WIRED UP TO THE PIE COUNTER TO RED CROSS SOCIETY

County Central Committee Is Trying to Dispense the U. S. Patronage Prompt and Practical Way to Appeal

ENDORSE OVERSHINER FOR POSTMASTERSHIP

Huntington Beach Offering Is Sought by Several Real Active Aspirants

Gottenny pie? I want a piece of pie. Enny kind of pie suits me. I don't care what yuh call it. I only want a little bit; I've sure worked hard to git it, an' I want muh piece of pie.

Ain't I allweese been a Dem-uh-crut? Ain't I allweese stood in line? Ain't I allweese taken muh orders straight, en I've taken 'em menies th' time.

Wots th' use of talkin', there ain't goin' to be no balkin' about givin' me wot I asks for, do you think? If there is, as yuh intimate, I'll go out en break th' slate, I don't intend to lose out at this late date, take it frum me.

en there's enny pie to hand out, lemme git it or I'm goin' to shout, en I'll tell some things that I know about, that'll make sum people sick.

En I'm th' boy that kin turn th' trick, tellin' of things where th' game was thick, when all we got for dollars was brick, fightin' for some o' th' pie.

Cutting political pie and trying to take slices out of it, was the pastime enjoyed this afternoon by members of the Democratic County Central Committee at a meeting held in the city trustees' room in the city hall. Chairman Head presided at the pie game, and the following "faithful" were on and helped him wield the carving knife: C. D. Overshiner, J. F. Hamilton, B. E. Tarver, Fred Robinson, W. L. Duggan, E. E. Hardy, J. S. Wasser, H. S. Finley and A. J. Perkins, of Santa Ana; James Fullerton, F. W. Grumm, of Orange; W. K. Reagan, of Los Alamitos; S. R. Kumpster of Newport Beach; J. C. McDowell, Talbert; R. L. Draper, Wintersburg; Sterling Price, Bolsa; R. D. Hutton, Newport; George Miller, Buena Park; D. G. Wetlin, Huntington Beach; Theo. Enoch, Brea; George Reyburn, Garden Grove, and David Sanchez, Yorba.

The first and juiciest piece was cut and delivered to Charles D. Overshiner, and it was nothing less than the Santa Ana postmastership. Mr. Overshiner is editor of the Santa Ana Bulletin, the only Democratic newspaper in Orange county, and is a well-known citizen.

W. L. Duggan was the pie-cutter in this case. He presented the claims of Mr. Overshiner in a brief but eloquent address, and J. C. McDowell, of Talbert, added his word of endorsement. No other names were offered as candidates for the endorsement and by unanimous vote Mr. Overshiner was given the desired endorsement.

Fight at Huntington Beach
The postmastership at Huntington Beach developed a large-sized fight. There were several candidates and each had his boosters on hand. The names submitted were T. H. DeLapp, Mr. Miles, and D. G. Wetlin, the latter a member of the county committee.

After considerable oratory it was decided to settle the matter of endorsement by ballot. W. L. Duggan of Santa Ana and Fred Albhorn of Anaheim were appointed tellers, and the first ballot resulted as follows: Wetlin, 11; DeLapp, 5; Miles, 6; Warner, 1; blank, 1.

It had been voted that the candidate receiving the lowest vote should be dropped from the list, and so Warner's name was dispensed with. The second ballot resulted: Wetlin, 11; DeLapp, 8; Myers, 5; blank, 1.

On the third ballot DeLapp captured the prize, the vote being: DeLapp, 13; Myers, 12; blank, 1.

J. A. Hinkley of Santa Ana, is a candidate for registrar of the land office. Mr. Hinkley is at present at Bakersfield.

James Fullerton was unanimously endorsed for postmaster at Orange.

Consular Candidate
Formal notice was served on the committee by F. W. Grumm, of Orange, that he intends to be an applicant for some consular appointment.

Favor Tariff on Sugar
To add a little warmth to the occasion, Editor Louis Hart of the Huntington Beach News, was on hand with a resolution placing the party in Orange county on record as in favor of maintaining the tariff on sugar.

Santa Ana People Respond in Prompt and Practical Way to Appeal

FUNDS FOR SUFFERERS IN EASTERN STATES

About \$500 Additional Certain to Be Contributed to the Relief Fund

One thousand dollars was telegraphed this morning to the Red Cross Society headquarters at Washington, D. C., as a donation from the people of Santa Ana and Orange county to the fund for the relief of the victims of the recent disastrous storms, fires and tornadoes that have swept the states of Ohio, Indiana and Illinois. The money was sent by Secretary Metzgar of the Chamber of Commerce and was sent by direction of the Associated Chambers of Commerce of Orange county, which issued the appeal for contributions.

Subscriptions have continued in Santa Ana until upwards of \$1500 has already been pledged. Secretary Metzgar said at noon that between \$400 and \$500 more will surely be contributed. His estimate was corroborated later when it was ascertained that with the subscriptions received today at the Register office, the total now reaches more than \$1400.

Later Subscriptions
The subscriptions pledged yesterday aggregated more than a thousand dollars. The official list up to noon today is as follows:

In the printed list in the Register last evening B. F. Townsend's subscription was given as \$5. This was an error, the amount is \$15. Subscriptions will be received at the local newspaper offices and at all the banks.

PYTHIANS TO BUILD HALL
BONNERS FERRY, Idaho, March 29.—Acme lodge No. 15, Knights of Pythias, has decided to build a new hall on the site of the present building on Kootenai avenue. The building will be a frame structure, two stories high and will cost between \$4000 and \$5000.

ROTTEN MEAT AT SAN QUENTIN IS CHARGE

Ex-Convict Declares Rotten Food Caused Riot; Probe Taken to San Francisco

SAN FRANCISCO, March 29.—That vile smelling and rotten meat is being served to San Quentin penitentiary convicts is the testimony before the legislative prison probe committee by an ex-convict whose name is withheld from publication.

The committee transferred its hearings from San Quentin to San Francisco today to expedite the securing of testimony of several former convicts.

"Putrid meat is often served," the former prisoner testified, "and prisoners are prevented from making any protest. Rotten food was the cause of the riot in the prison dining room last year when a convict was killed by a guard."

SONORA CONGRESS PUTS SEAL OF APPROVAL ON SECESSION MOVE

Names Delegates to Meeting to Form Constitution For Federation of North Mexico—Ojeda's Defeat

DOUGLAS, Ariz., March 29.—Dispatches from Hermosillo state that the Sonora congress has decided to join the new Northern Mexico confederation and will appoint delegates to meet the delegates from the states of Sinaloa, Chihuahua, Lower California and Tepic, in order to frame a new constitution.

FEDERALS LOSE FIRST SKIRMISH—MORE FIGHTING EXPECTED
DOUGLAS, March 29.—Gen. Ojeda's defeated Federals are returning to Naco, straggling in during the day. They say four rebels were killed while the federal losses of yesterday and last evening's fight were heavier. Six hundred rebels under Gen. Onregon are closing in on Naco. Further fighting is expected tonight or tomorrow.

1200 INSURGENTS SURROUND GENERAL OJEDA AT NACO
EL PASO, Texas, March 29.—Twelve hundred rebels last night had General Ojeda and his force of 300 men surrounded a few miles below Naco.

NEW FLOOD PERIL GROWING INTO GRIM PROPORTIONS

COLUMBUS, March 29.—Climbing a telephone pole and "cutting in" on a wire, C. Brawley telephoned Governor Cox today that the situation at Marietta, Ohio, could hardly be worse. He said the river there is six feet higher than in 1884 when it destroyed a third of the city. Supplies are needed immediately. Reports from Ohio river points say the river is rapidly rising and the flood stage expected.

FLOOD IN MISSISSIPPI RIVER VALLEY IMMINENT
ST. LOUIS, Mo., March 29.—General reports from points along the Mississippi river indicate the coming of one of the worst floods in the history of this section.

Reports from Cairo, Memphis and other points on the Ohio river tell of excessive high water and the coming of many refugees from the flooded districts of Ohio and Indiana.

54 FOOT STAGE IS NOW PREDICTED AT CAIRO
CAIRO, Ill., March 29.—The local weather bureau predicts that Cairo will have a 54-foot stage of water at this rise. The gauge last night read 48.2 feet, being a rise of 1.8 feet in 24 hours.

POLITICAL PACT CONGRESS FACES CHARGED BY E. T. EARL

Progressive Heads Declared to Have Joined Foes of Welfare of Los Angeles

LOS ANGELES, March 29.—The apparent realignment of the Los Angeles political situation as rumored following a meeting yesterday of certain citizens to discuss the political situation and which was followed by rumors of a break between Meyer Lissner and other Progressive leaders and E. T. Earl, is commented on as follows in a first-page editorial in Earl's Los Angeles Evening Express: "The alliance formed yesterday between Meyer Lissner, Marshall Stimson, Russ Avery and other Progressive leaders, with the First National Bank and other corporation interests, to deliver the city government into the hands of the money power, is a most amazing act of treachery to the people."

Earl declares the public service corporations are determined to defeat the efforts being made to secure cheap light and power, a municipal railway and a free harbor.

SPANISH-AMERICAN WAR ULTIMATUM SENT 15 YEARS AGO

WASHINGTON, March 29.—Stirring events fifteen years ago today, when President McKinley presented on Mar. 29, 1898, his ultimatum to Spain on the Cuban situation, were recounted today by Assistant Secretary of State Adee, veteran federal diplomat.

"I remember," said Adee, "that President McKinley signed the note to Spain with great reluctance. He said that he realized it was the breaking point. Declarations of war which soon followed confirmed McKinley's anxiety."

Naco, Sonora. A battle started late yesterday and was still in progress at dark. Both sides were using machine guns and General Ojeda was holding his own against the superior forces.

HUERTA'S ADMINISTRATION MENACED—HE IS ON GUARD
MEXICO CITY, March 29.—Grave rumors were circulated yesterday, and by these rumors were strengthened when friends of Felix Diaz demanded that he at once assume control of affairs and put a stop to what they call the reign of anarchy that has held the capital in terror for two weeks. Diaz was informed by his friends that they were preparing to seize the arsenal and that their forces were on a war footing.

Word of the demands made upon Diaz were carried to the palace, and Huerta at once marshaled his forces to prevent the arsenal from being taken by storm. Troops supposed to be loyal are now parading all approaches to the arsenal and palace, and no one is allowed to pass without credentials.

10,000 TURKS CAPTURED POWERS BEGGED TO ACT

LONDON, March 29.—A dispatch to the Chronicle from Constantinople says: "News of a fresh disaster was received from Thatalja yesterday, where it is reported that 10,000 Turks were surrounded at the southern end of the line and captured. Mahmud Shevket Pasha visited the embassies of the triple alliance and of France and begged the favorable intervention of the Powers. The plight of the army looks serious."

WIRE FACILITIES FIRST FOR RELIEF AND NEWS AGENCIES

NEW YORK, March 29.—At the offices of the American Telegraph & Telephone company and the Western Union Telegraph company, joint announcement will be made as follows: "In the use of the necessarily limited wire facilities reaching the flooded districts of Ohio and neighborhood states, due importance is being given to public officials, relief associations, the press and to such urgent messages as have to do with measures of relief, believing that the public will thus be best served until full service can be restored. There has been no time during the past week when the combined facilities of the two companies have not afforded communication with the larger cities and towns but local conditions render it impossible in many cases to deliver telegrams or to make local connections by telephone."

COLORADO SAID TO HAVE BEEN BLOWN UP OFF GUAYMAS

SAN DIEGO, March 29.—A rumor whose origin could not be determined has been circulated here that the Cruiser Colorado has been blown up off Guaymas, Lower California. DECIDED INCREASE SHOWN IN OIL PRODUCTION IN OLINDA AND OTHER LOCAL FIELDS

OLINDA, March 29.—Owing to the large number of new wells, especially of the gusher type, there was an increase of 16,220 barrels in the state's output per day during February as compared with a decrease of about 4000 barrels during January and a large falling off in December.

The Olinda Derrick says the fields which showed the largest increase in production were Midway, Coalinga and Fullerton. Midway's output was larger in February by 8070 barrels a day, there being twelve more wells producing during the month, with nineteen completions. Coalinga's output was 4278 barrels larger a day in February than in January. Nineteen more wells were producing during the latter month, two having been completed.

La Habra Valley is pushing Fullerton into a position of greater prominence on the production list every month. The output showed an increase during January of 1732 barrels per day. The Salt Lake field showed quite a large increase, 441 barrels daily average. The following were the daily average increases in all the other important fields: McKittrick 329 barrels; Lompoc, 367 barrels; Santa Maria, 237 barrels; Whittier-Coyotes, 264 barrels; Lost Hills, 251 barrels; Santa Paula, 72 barrels.

Shipments were less in February than in January by 4683 barrels daily average. The total shipments for the month were 6,667,929 barrels. Stocks were increased from 46,783,888 bar-

rels January 31 to 47,389,610 barrels February 28. The daily average surplus was 22,704 barrels per day.

The report of development and operations of the Coalinga field for the month of February shows a more healthy general condition of the Coalinga field than the previous month.

The shipments in February were only a little over 2500 barrels less than in January, while the former month had three more days.

The daily average production for the field in February was 52,730 barrels as against a daily average of 49,262 for January, although the daily average per well was slightly greater in January.

There were 885 wells actively producing in February, and only 861 active in January. Although the production last month shows a falling off of 50,669 barrels as compared with the former month, considering the difference in the number of days, February's production would have been 107,521 barrels more.

Recent estimates place the production of the Lost Hills field at 175,000 barrels monthly, the Universal Oil company producing about 100,000 barrels, the Standard Oil company about 30,000, the Associated Oil company about 30,000 and the General Petroleum about 15,000.

The field is now "headed off" and no new territory will be opened at present. The Universal will soon be shutting down several strings as its territory is rapidly being drilled up.

GET \$15,000,000 FROM CITRUS FRUIT

Only About Half of the Usual
Amount Realized From
Southland Crop

Southern California will realize a dividend amounting to at least 50 per cent of its annual income on citrus fruit in spite of the January freeze, according to G. Harold Powell, manager for the California Fruit Growers' Exchange. The income this year will amount to at least \$15,000,000 and perhaps more. The income in a normal year amounts to \$30,000,000.

"At least one-third of the orange crop will be marketed in the East this year," said Manager Powell today. "This is a surprising figure when the first estimates seemed to promise only 20 per cent of the crop. The prices are exceptionally high and owing to the demand, growers who ship fruit will be able to realize heavily on their crops."

"Not less than 40 per cent of the normal movement of lemons will go forward this year. This is most encouraging. The returns from citrus fruit this year will amount to at least \$15,000,000. It may run higher than that."

"A good deal more fruit has been saved than was at first predicted, through the invention of the water separator by Frank F. Chase of Redlands. Through this separator it has been possible for the packing house people to separate accurately the frozen from the good fruit without the enormous expense and waste that accompanied the personal selection of each orange."

"Eastern markets are anxious to procure good fruit. California oranges are looked on with suspicion in some quarters, but where good fruit has once proved its worth other consignments are rapidly taken up."

BOWELS BAD, LIVER TORPID? CASCARETS

If Constipated, Bilious, Head-
achy, Stomach Sour, Take
a Cascaret

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have back-ache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

TO DEDICATE CHURCH AT ANAHEIM SUNDAY

ANAHEIM, March 29.—The cornerstone laying of the new Evangelical Association's church at the corner of Center and Helena streets will be held Sunday, March 30, at 2 o'clock, when Rev. August Huelster of Santa Ana will conduct the ceremonies. The structure will cost \$8000 and will be one of the handsomest church buildings in the city. It will be completed within fifty days after it is started.

The play selected by members of the senior class of the local high school for presentation at the close of the school year is entitled "No. 7." The tryouts for finding out who is to take part have been held and resulted in the following cast: Miss Cecile Grindle will take the part of leading lady. Other members of the cast include Misses Kathryn Hand, Evelyn Finney, Emily Spaeth and Helena Goodale; Walter Spaeth, Ralph Maas, Ashleigh Chamberlain, Hans Storm, William Webb, Raymond Elliott, Clarence Chamberlain, Howard Krause, Earl Spencer and Lawrence Waller.

BOILING AN EGG.

If It Gives You Trouble You Might
Try John Randolph's Way.

The boiling of an egg seems a simple matter, but many a breakfast has been spoiled and many a temper rasped by the cook's failing to observe the precise number of minutes the process should occupy.

That very original man, John Randolph, is said to have invented a method of getting his eggs cooked exactly to his taste that worked perfectly. As is the case in many country homes in the south, the kitchen was in a separate building at some distance from the house, and servants were plenty.

When the "sage of Roanoke" took his seat at the breakfast table there was a line of servants from the dining room to the kitchen. Mrs. Randolph, the mother of the statesman, held an open watch in her hand.

"In!" exclaimed Mr. Randolph, and the word "in" was passed from mouth to mouth until it reached the waiting cook, who dropped the eggs into the water. After the requisite number of seconds the holder of the timepiece signified that the cooking was done. "Out!" went forth the command in like manner, and the eggs were quickly removed.

The system required six or seven servants to cook one egg, but Randolph was accustomed to declare that this was the only way that he could get it cooked to suit him.—Youth's Companion.

AN INGENIOUS CLOCK.

Curious Automaton That Was Made In
London a Century Ago.

One of the most wonderful timekeepers known to horologists was made in London, England, a hundred years ago and was sent by the president of the East India company as a gift to the emperor of China. The case was made in the form of a chariot, in which was seated the figure of a woman.

This figure was of pure ivory and gold, and the right hand rested upon a tiny clock, fastened to the side of the chariot. Portions of the wheels which kept track of the flight of time were hidden in the body of a tiny bird, which had seemingly just alighted upon the woman's finger.

There was a canopy above, so arranged as to conceal a silver bell. The bell was fitted with a little hammer, also of silver, which, although it did not appear to have any connection with the clock, struck the hours regularly and could be made to repeat by touching a diamond on the woman's bodice.

In the chariot, at the woman's feet, there was a golden figure of a dog, and above were two birds, apparently flying before the chariot. This beautiful ornament was made almost entirely of gold and was elaborately adorned with precious stones.—St. Louis Globe-Democrat.

Never Can Happen Again.

The Montenegro law which ordains that any found valuable shall be placed where the loser can find it reminds one of an anecdote told of Grimaldi's grandfather in Dickens' life of the famous clown. On one of his visits to Leadenhall market with nearly £400 in gold and silver upon him "he found that his shoe had become unbuckled and, taking from his pocket the bag, he placed it upon a neighboring post and then proceeded to adjust his buckle." Having afterward to pay for a purchase, he missed his bag of gold and hurried back to the post where he had buckled his shoe. "Although more than three quarters of an hour had elapsed, there it remained, safe and untouched, on the top of a post in the open street!" That was in eighteenth century London. Could it happen now?—London Chronicle.

A Curious Coincidence.

The story of a queer coincidence was told by Sir Arthur Conan Doyle. While traveling upon the continent he visited a certain mountain inn, which was in winter, he learned, occupied only by two men. These men, prisoned in a waste of snow and ice, had for all that period no communication with the world below. Here was a situation for a novelist! And the novelist accordingly began to let his imagination play about the possibilities of tragedy surrounding the two men on their mountain height. But the story was never written, for, happening to come upon a volume of Guy de Maupassant, which was new to him, he found therein, under the title of "L'Auberge," the very story he had meant to write.

HAZING, NEW AND OLD

Four months jail sentences have just been handed out to three University of North Carolina students, convicted of manslaughter of a fellow student whose death was caused by hazing. Not merely is such a fatality very unusual, but one hears almost nothing nowadays about hazing of any kind in colleges. Are the ancient terrors disappearing that once surrounded the freshman's entrance to the classic shades of alma mater?

Probably old-fashioned physical hazing is pretty much gone by. It seems as antiquated as the ancient terrors and gown fights. Once the sophomore dearly loved to range himself in battle against the young plug-ulgies of the town slums. An exchange of bloody noses was looked at as the Germans regard student duels and their resultant scars.

Today the college youth is too splendidous a creature for such democratic brawls. His way of getting even with the "mucker" is to pointedly cut him on the street.

Similarly, taking the luckless freshman from his downy bed at dead of night and giving him a bath "neath the icy waters of the town pump," would be considered a "prep" school trick.

The one thing which the college student is most anxious today to demonstrate to the world is that he is a man. For that reason he has a dignity which must be maintained. That dignity would be very much jarred and dented by the hazing pranks of former years. As the lower schools imitate college fashions and attitudes, so even they show a tendency to look at old-time hazing as too kiddish for "men."

Hazing exists in colleges today just as it exists everywhere in social life, but it is more subtle. It lies in wait for any individual on the part of the student, and pokes barbed arrows of ridicule at his last year's hat, or his association with the wrong set of fellows. It students could but be made to realize that such forms of hazing are much more unmanly than the old physical kinds it would be a distinct gain in their progress towards becoming the "men" they assume to be.

WHAT PROGRESSIVISM MEANS TO WORKERS

Within the last few days, more than a score of personal damage suits have been filed in courts in Philadelphia in cases which, under a workman's compensation act, would adjust themselves without the tedious and costly process of the courts. The commencement of such a number of damage cases in one city gives special point and emphasis to one of the important declarations of the Progressive party's contract with the people adopted at the national convention in Chicago last August. That declaration is:

"We pledge ourselves to work unceasingly in state and nation for... standards of compensation for death by industrial accident and injury and trade diseases which will transfer the burden of lost earnings from the families of working people to the industry, and thus to the community."

This is a broad declaration in favor of the adoption by the state and nation of workman's compensation acts under which compensation shall be made automatically to the injured person or to his family in case of death. A few cases taken at random from among the many recently commenced in Philadelphia will show at a glance the argument for this declaration in the Progressive platform.

Joseph Schmidtstetter was a special policeman in a moving picture theatre. In the performance of his duty, he attempted to regulate the electric lights, touched a button on a switchboard and was killed. His wife, in ill health with an eleven year old child to maintain, is left with no means of support. To secure what under any consideration of justice must rightfully come to her because of this accidental killing of her husband in the line of his duty, the widow is now forced to undertake a long litigation which, under the present system in Pennsylvania, is of questionable outcome and, even in the event of success, is certain to involve in expenses a large share of what she should rightfully receive.

George Pickup drove a wagon for a Philadelphia paper box manufacturer. He started to climb on the wagon by the hand-grip fastened to its side. The grip pulled out and Pickup was thrown beneath the wagon and killed. If there was fault anywhere, it was on the part of those responsible for maintaining the equipment of the establishment in proper condition. Pickup leaves a widow and a baby girl whose only redress is like that of the other

NEWSY NEWS FROM NEW YORK

By Beau Rialto

NEW YORK, March 29.—As the current New York dramatic season draws nearer the doldrums, the most striking observation to be made concerns the remarkable success of plays in which child life and child characters are central themes. No less than five of the really few substantial successes of the past winter have been plays with child heroines and heroes.

The most noteworthy thing about this reversion to infant imaginations for adult entertainment is the fact that these five plays proved even more appealing to the "grown-up children" than to the kiddies at the matinee. The freshness and charm of the individual performances of the talented little actors and actresses entrusted with the leading roles and the element of symbolism pervading the plays themselves are accountable for adult New Yorkers' delight in them—infinitely more than the run of wishy-washy comedies, riotous farces and "thrillers" with which they had been surfeited.

This quintette of plays comprised: "Racketty Packetty House," produced at the Children's Theater; "Snow White," a dramatization of "Snow White and Rose Red," with adorable little Marguerite Clark in the title role; "Little Women," an exceptional-able dramatization of Louisa Alcott's children's stories; "A Good Little Devil," a fantasy of a childish imagination and "The Poor Little Rich Girl," by Eleanor Gaites.

The last named was perhaps the best of all. Nothing quite so charming or true to childhood's imaginative faculties has been seen since "reter Pan," rather of all modern child plays. The story deals with the loneliness of the unmothered but much luckeyed little rich girl's lot. Few parents who came to see the play stopped to take their after-theater bite if they left their little ones at home. They hopped into taxi or

subway, rushed into their apartments, tiptoed into the darkened room and stowed with sighs of relief by the side of their peacefully-sleeping youngsters.

In the delirium of illness, the little rich girl sees visualized all the little childish problems which nobody ever took the trouble to solve for her. This gives the producer opportunity for some weird, scenic effects, which leave the neglectful parent in the audience in a state of conscience-smitten trepidation.

The play is all very fantastic, but very charming and beautifully acted. Of course, it ends happily, with the parents awakened to their duty through the child's illness and the poor little rich girl is no longer poor, but rich indeed in the love and tender care she had so long missed.

That the motion picture has found its place as a high-priced entertainment as well as in the nickel theater has been demonstrated by the successful production of the great Reinhardt spectacle, "The Miracle." Accompanied by the Russian Symphony Orchestra of fifty pieces and a chorus of 100 playing and singing Humperdinck's beautiful music, the tinted pictorial romance of a young man's degradation and redemption has made a tremendous appeal. The film was enacted by the London "Miracle" company, which was taken to Germany and posed in selected scenic environment, including an ancient cathedral and nunnery, an old mountain castle and a quaint German village.

The crook and other denizens of the modern underworld appears to have had his day on the state for the present. "The Argyle Case" and "Within the Law" have survived the popular revulsion against such dramas, but several recent attempts to exploit dramatically the sordid lives of the fallen have happily failed.

MEAT PACKERS PUT UP PRICE OF MEAT

Take Advantage of Stalling of Food Trains—Butter Costs Are Also Advanced

NEW YORK, March 29.—More than \$5,000,000 worth of food destined for New York—meats, poultry and dairy products, for the most part—are held up in stalled freight trains between here and the Mississippi river. There are more than twenty miles of stalled eastbound freight trains in the flooded districts.

Agents of the Chicago-Kansas City-Omaha packers' combine have notified the local retailers that beef would go up a cent a pound wholesale. Practically no western beef arrived at New York yesterday and it was said that there is very little meat in the refrigerators here, with prospects of a "famine" unless railroad communications are re-established within a week. Butter was 4 cents a pound higher today. New England also is suffering because of the lack of train service.

BAKERSFIELD SEEKS FIFTY-CENT GAS RATE: GAS CO. FIGHTS CUT
BAKERSFIELD, March 29.—The city of Bakersfield must show cause in the federal district court before Judge Wellborn at Los Angeles, on May 1, why the Bakersfield gas rate should be lowered to 50 cents a thousand feet. Judge Wellborn granted a restraining order for the Bakersfield Gas and Electric company which prevented the ordinance from becoming effective yesterday. The company maintains that the 50-cent rate is practically confiscatory of their local plant and system.

"RED LIGHT" BILL PASSES THE SENATE

Drastic Vice Bill Needs Only Gov. Johnson's Signature; Anderson Scores Capital

SACRAMENTO, March 29.—Only the signature of Governor Johnson and a wait of ninety days thereafter are needed to make a law of the Grant-Bohnert redlight and injunction act, the most drastic measure of this session and perhaps the biggest piece of moral reform legislation ever passed by the California legislature.

It was passed yesterday at the end of a long but placid day by debate with twenty-nine ayes and eleven noes. Sacramento Scored

Sacramento came in for an individual castigation at the hands of Anderson of Orange. "Its dance halls," he said, "are an open invitation to the young people of the city to enter the whirlpools of vice."

Anderson was intercepted by Finn of San Francisco, asking whether Los Angeles was better than San Francisco.

Anderson said he could not tell, because San Francisco is open and Los Angeles hides behind secret doors.

NEW OIL PIPE LINE
SARNIA, Ont., March 29.—The Standard Oil Company, it is reported, will build a large pipe line from the Lima oil fields, near Cleveland, to Sarnia, to supply the Imperial works with oil by a cheaper and easier process. ST. PATRICK'S TEA

Ladies of Spurgeon Memorial Church Honor Patron Saint of Month of March

More than seventy guests assembled yesterday afternoon at the spacious home of Mrs. E. A. Clardy to make merry at a Saint Patrick's Tea. The committee from the Woman's Missionary Society of Spurgeon Memorial Methodist Church, South, under whose auspices the tea was given, consisted of Mesdames Clardy, Kirven, Hill, Nelson, Babbs, and Hamilton. These ladies were attired in green dresses, white aprons, caps and fichus. After receiving the guests, they sang "Wearin' o' the Green."

Other musical numbers were a song by Miss Ruth Raymond, "Where the River Shannon Flows," and a duet, "Killarney, My Home O'er the Sea," by Mesdames Nuckolls and Kirven. Miss Bertha Stem recited "Birthday of St. Patrick."

A potato race created merriment, as did the "blarneying," each lady blarneying her partner. The author of the poorest blarney was sentenced to kiss the "Blarney Stone" in order to more thoroughly acquire the art of "soft spache."

Refreshments were in keeping with the idea of the day and consisted of St. Patrick's salad, sandwiches, green-tinted ices, green after-dinner, mints and cakes in green and white. Irish jokes were told as the appetizing viands were eaten.

The decorations were very striking, the reception hall, living and dining rooms being resplendent with potted ferns and shamrocks festooned from electrolights to the corners of the room. The centerpiece on the dining room table consisted of a shamrock design made of fern sprays and outlined with Irish potatoes. Tiny pigs of lemons and Irish potatoes for which waxed tiny Irish flags were profusely apparent in the decorations.

One of the amusing games was the making of a list of words of which the first syllable was "pat." The list was given on the reverse of pretty hand-painted cards presented to each guest on arrival. All of the diversions were clever and those attending the affair were highly entertained. A fine free will offering was made during the afternoon for the work of the society.

The out-of-town guests at the successful St. Patrick's social were Miss Frances Stancill of Los Angeles, Dr. and Mrs. Violett of Garden Grove, Mrs. G. E. Williamson of Villa Park, Mrs. Gulick, Mrs. Moore and Mrs. McPherson of Orange.

For Miss Young

The Misses Keefe of West Orange entertained on Wednesday evening with an apron shower in honor of Miss Rosalie Young, daughter of Mr. and Mrs. Joseph Young, who is to be married on April 22 to Rudolf Rescorla of San Diego.

The house was prettily decked with peach and plum blossoms, and the company had a merry time. In a sewing contest where dusters and holders were made for the bride-to-be, Miss Anna Young took first prize for the best sewing, and the prospective bride carried on the palm for the worst sewing. In a guessing contest Miss Lippe took first trophy, Miss Anna Young receiving the consolation. A ball throwing game, where hearts pinned on the wall were the targets, was engaged in, and Miss Lippe again figured as a prize-winner, taking consolation, with Elizabeth Oelke winning the highest honors.

An inviting collation was served, the centerpiece being a golden vase filled with purple iris and peach blossoms. From this went pink and lavender ribbons to each place, the ribbons ending in a corsage bouquet of orange blossoms. Clever place cards bore the figure design, a button being utilized for the head.

Sixteen guests were present, some of them being from Los Angeles.

Wisconsin Pastor Here

Rev. Fred Staff, who will occupy the pulpit of the Congregational church tomorrow, comes from Grand Rapids, Wis., where he has been pastor of a flourishing church for the past eight years. He is a graduate of Beloit and of Yale, and is said to be a "live wire" in his influence and work among college young men.

DEBATING CLUB

Merry Evening for Members of High School Society; One of Best in Club's Annals

The Webster Debating Club of the Santa Ana High School held a meeting last night at the home of one of the members, Miss Louise Grubb. The first part of the evening was devoted to a program which was opened by a sketch of the life of Daniel Webster by Miss Ruth Harding, George Alsbach, in the absence of Lloyd Avery, read a "Eulogy of Webster" prepared by Mr. Avery.

A debate, "Resolved, that Daniel Webster was a better statesman and orator than Calhoun," was participated in by Mrs. Emory Ratcliffe and Mrs. E. H. McMath for the affirmative and Prof. Ratcliffe and Malcolm Tedford for the negative. Naturally the decision was awarded to the affirmative.

The fun of the evening then began. A silhouette of Daniel Webster was shown, after which all the company posed for silhouettes, the one who could show the greatest resemblance to the great statesman to be awarded a prize. Four different people, Ernest Crozier Phillips, Miss Brockett, Fay Wright and Carl Schooley, produced silhouettes strikingly like the immortal Webster and as a decision was impossible, it was agreed that the prize should go to the one of the contestants who could eat the greatest number of hard-boiled eggs in two minutes. Carl Schooley proved the champion devourer of "egg-food," eating five and one-half eggs, shells and all, within the two-minute limit. That feat unequivocally settled Mr. Schooley's supremacy and he was awarded the prize without hesitancy.

That Mr. Schooley's gastronomic powers were not impaired by the egg-eating performance was evident when the refreshments for the evening were served as he partook of the Alexandria salad, sandwiches, olives, mints and chocolate with as much gusto as though he had never heard of eating off a tie in a silhouette contest.

Singing, in which all the company joined, was a happy feature of the evening and a particularly enjoyed incident was the serenade given by a few of the party who had quietly slipped out of doors. Last night's meeting was one of the most enjoyable and best attended in the history of the club.

A Season Party

A party which took its name from the wealth of plum and peach blossoms used in the house decorations and which diffused sweet perfume through the rooms of the home of Miss Williams, 704 West Fifth street, was greatly enjoyed last night by a number of guests.

There were jolly games that made the evening one of real mirth and joyousness. Then there were delicious refreshments served by the hostess at the close of the event.

Those present were Mr. and Mrs. A. H. Williams, Mr. and Mrs. Bob McCardia, Misses Gladys Shallenberger, Martha Williams, Irma Williams, Anna Jacobs, Olive Lopez, Leslie Benson, Alice Wood, Hattie and Ruby Kraschel, Messrs. Winfield McCordia, Cyril Parker, George W. Kroch, Edson M. Hendrickson, Fred Robinson, Ralph Rumbold.

Dutch Supper

One of the pleasant informal affairs of the week was the Dutch Supper given at the home of Mrs. J. Wm. Sackman last Wednesday evening. That event marked the birthday of Mrs. Geo. M. Loggins and covers were laid for nine.

There were present, besides the hostess and her family and the guest of honor, Mrs. Geo. Loggins and Miss Lucille Loggins; Mrs. A. Wareskjold of Oakland, Cal., who is a house guest for several months at the Sackman home, and Mrs. J. M. Osgood.

Music and jolly conversation rounded out a very pleasant evening.

PLEASANT DINNER PARTY

Spring Blossoms Used in Decorating House and Table for Evening House and Table for Event at E. S. Gilbert Home

Mr. and Mrs. E. A. Gilbert had one of their delightful small dinner events last evening at which they entertained Rev. and Mrs. J. A. Stevenson, Mr. and Mrs. Charles Preston and Mr. and Mrs. Asa Vandermast.

The house was fragrant with the breath of spring, all the rooms being adorned with fruit tree blossoms, those exquisite harbingers of the later fruitage. The same sweet blossoms were used in the pink and white color scheme marking the table decorations.

The center piece was a pretty creation on which pink tulips in tiny holders were massed. The place cards bore a hand-painted pink and white design, pink and white cups held the salted nuts and the after dinner mints were in the same delicate tints. The dainty dinner was served in five courses and pleasant chat accompanied each inviting course.

The evening succeeding the dinner was given over to conversation and music.

Chinese Social

A Chinese Social was held at the First Methodist church last night by the Epworth League with Oriental features prevailing. Decorations and program were carried out in Chinese fashion, and the unique affair was enjoyable.

Guild "Sweet-Shop"

At the last regular meeting of the St. Elizabeth's Guild of the Church of the Messiah, it was planned to hold a "sweet-shop" in the near future. The affair will be held in the Sunday school room of the church, where attractive booths will be erected and decorated, on which the delicious home-made candy will be displayed for sale.

It will also take on the guise of a social affair. The members of the congregation and the public generally will be invited.

An "At Home"

The ladies of the First Methodist church held a pleasant "at home" yesterday afternoon at the home of Mrs. Walbridge on South Sycamore street.

HIGH SCHOOL NOTES

Santa Ana high school was fortunate in carrying off third honors in the oratorical contest held at Pomona last Saturday. Edward Stuart represented the local school. Los Angeles won first place and Pasadena second.

At a recent meeting of the senior class a motto was chosen. The committee appointed to select the class motto turned in several, and after some discussion this one was adopted: "We have climbed the hills; the mountains are before us."

It has been deemed advisable to have a representative from the commercial department on the Ariel staff. Hitherto the commercials have had no representation on the staff and as they are not closely connected to the regular high school, a commercial editor will fill an important need. Miss Eva Nininger has been chosen for the position.

Last semester the Ariel staff offered a prize to the staff member who sold the most tickets. Miss Norma Wingood, with a record of 63 tickets sold, was the winner of the prize, a handsome silver spoon. The prize was presented last week.

The committee selected from the senior class to choose candidates for the offices of class historian, poet, prophet and eulogist, have made their selection and the class has voted on the names turned in. Sophie Hardy was elected to write the class eulogy, Paul Schooley will peer into the future and tell the seniors what is in store for them, Elsie Wingood in the class history will bring back memories of the distant past and Lowell Rantz will compose the class poem.

At a senior class meeting held last Tuesday, the play to be presented by the class in June was decided upon. It will be "The Man From Home." At this meeting Georgia Smith gave a synopsis of the play for the benefit of those who have not read it.

A letter has come from Principal Hanna of the Hemet Union High School asking for information concerning the system used in the annual forensic contests. Principal Hanna is searching for a system to be used in Riverside county.

The seniors are learning their fate this week. They are getting their credit reports. Out of a class of 74, only 12 are doubtful and 62 are certain of graduation. The doubtful ones will probably make the required 16 credits and graduate with the class.

The try-out for the county oratorical contest was held last Wednesday evening. Paul Schooley, with an oration entitled "The Spirit of California," took first place. The oration was exceptionally well delivered and represents good work on the speaker's part. Mr. Schooley is talented along oratorical lines and will be a strong candidate for first place in the coming contest. Hester Robinson with "The Call of the Twentieth Century," was given second honors. Misses Brockett and Steffy and Mr. Phillips of the faculty judged the try-out.

An assembly meeting was held Tuesday afternoon. Miss Winifred Roberts, formerly a student of the high school, and now at the Cumnock school in Los Angeles, favored the students with two readings. Miss Ethel Phillips, a sister of Ernest C. Phillips of the faculty, talked to the students about Dr. Clark, who gave a presentation of "Les Miserables" at the opera house Wednesday evening.

The spring vacation comes in a short time. It is the week between April 11 and 21.

Principal McMath was one of the judges at a debate in Los Angeles last night.

Miss Arbuthnot of the faculty lectured before the Nature Study Section of the Eboli Club yesterday afternoon on the birds of California.

The school masters of the city have challenged the boys of the senior class to an athletic meet to be held later. There will be three events: a tug of war, nine on a team; a hundred yard dash, and a six-inning baseball game.

The Webster Club met last evening at the home of Louise Grubb, on North Main street. Each member answered roll-call with a quotation from Webster. A debate took place on the question, Resolved, that Webster was a greater orator and statesman than Calhoun. A sketch of Webster's life was given by Ruth Harding and an eulogy on Webster was delivered by Lloyd Avery.

A jolly party from the senior class went by motor truck to the county park today.

Thursday was Coach Ratcliffe's visiting day. The coach visited the Twenty-first street intermediate school in Los Angeles and the Los Angeles Polytechnic. In the evening Mr. Ratcliffe acted as one of the judges in a triangle novice debate between Long Beach Polytechnic and Twenty-first street. Both teams from the intermediate school came out victorious, but this is not surprising when it is known that Miss Everett, former debating coach here at Santa Ana, had charge of them.

The usual weekly assembly was held yesterday. Following the custom, two speeches were delivered by students, one by Ada Woodward, an eulogy on Jane Addams, another by Irene Catland, an invective against "stealing." James Ryan, "Bill" Warren and Coach Ratcliffe spoke in baseball. Miss Wyant dealt with oratorical subjects. Roy Phillips, business manager of the Ariel, presented his report at this meeting. Everything seems bright for a fine commencement number. The boys' quartette closed the meeting with two selections.

Music and the Drama

"BURGLARS AT BRIGHTON" WAS CLEVERLY PRODUCED

A clever company of young local amateurs under the direction of Herman Reuter, presented the farce comedy, "Burglars at Brighton," at the Grand last night.

The farce is a series of extremely funny situations, in which nearly every member of a large and respectable family is suspected of being a burglar.

Petunia Perkins, the housemaid, was very cleverly handled by Beatrice Meade, whose Cockney accent never faltered, and who was letter-perfect and altogether satisfying in every respect. Her checkered bloomers in the last act were a fearful and wonderful sight.

George West was excellently cast as Septimus Pontifex, the young husband who takes advantage of his wife's absence by "making a night of it," which night includes wine, women and a late supper, and for which indiscretion Mr. Pontifex pays heavily, for he is thereby made a burglar suspect. Mr. West played a good, consistent part from first to last and deserves much credit.

Herman Reuter played "Joimes," valet to Pontifex. James also took a night off, and got into no end of trouble, and had great difficulty in convincing the police that he was not the Brighton burglar, and that he had not wrecked anybody's motor-cycle. Mr. Reuter did his work very cleverly.

Fraser Green, father-in-law of Mr. Pontifex, was played by J. B. O'Neill. Fraser Green is a somewhat sportively-inclined elderly person with a fondness for whist, chess and motor-cycling, and possessed of a whole some fear of his wife. Between his love for sport and his fear of wifely disapproval he is driven to prevaricate slightly upon several unfortunate occasions, wherefore he also falls under suspicion, and has to prove that he is not the Brighton burglar. Mr. O'Neill's part calls for so much strenuous action that at times it imperils his wig and his moustache, and a little more wax, especially on the latter might not be amiss; for, for one terrible moment last night, we feared that he and his hirsute adornment would be permanently divorced.

Mr. Royce Lantz, as Sergeant Sharples, the detective, played up to what is expected of him, and that is saying a good deal, for his work is always well done. But Mr. Lantz also had difficulties with his moustache, and opinion differed as to what was the matter with it. Some insisted that it was upside down and some advised a steam roller to reduce it to submission—but at any rate it seemed afraid of his face, for it stayed as far away as possible, at every point.

Mr. Clare Buchanan, in the smaller part of Mr. Digby, was letter-perfect, and right up to the dot at every minute. Franklin Grouard—or "Brick" Grouard, as he is more familiarly known, was a terrifying, deep-voiced minion of the law and was greeted so jovially by the audience every time he appeared that he had some difficulty in keeping his face straight. But his "grin" was as popular as any amount of severity could have been.

Mrs. Grace Holt played Alicia Green, mother-in-law to Mr. Pontifex. Mrs. Holt looked very handsome, was stunningly gowned and her voice carries well. She looked and talked her part to perfection, and has a positively remarkable amount of self-possession and repose of manner for an amateur.

Miss Hattie Powers made a very attractive Mrs. Pontifex, and played well. Miss Edith Madison looked girlish and sweet as Jessie Green.

"Burglars at Brighton" will be presented again tonight and will no doubt play to the large house it deserves.

HONEY BEES ARE ENJOYING GOOD HEALTH

J. E. Pleasants today filed his monthly report as county inspector of apiaries, in which he shows that he has made a thorough and careful inspection of the bees and hives of A. and F. Buchheim, on Seventeenth street, 200 colonies; G. J. Brown, of Tustin, 200 colonies; A. H. Lantz, of Placentia, 135 colonies; Mrs. C. A. Blocher, of Los Angeles, 125 colonies; near Placentia; G. J. Carter, of Santa Ana, 80 colonies; M. Ganz, of Santa Ana, 29 colonies; P. L. Buchheim of Santa Ana, 75 colonies. All these colonies were found to be in healthy condition.

GOING AHEAD WITH PLANS FOR THE PANAMA-PACIFIC SHOW AT SAN FRANCISCO

SAN FRANCISCO, March 29.—Charles C. Moore has been re-elected president of the Panama-Pacific International Exposition. The board of directors also re-elected all other officers who have been serving during the past year.

The complete list of the officers of the exposition who will look after the great project during the ensuing year is as follows: Charles C. Moore, president; William H. Crocker, first vice-president; R. B. Hale, second vice-president; I. W. Hellman Jr., third vice-president; M. H. de Young, fourth vice-president; Leon Sloss, fifth vice-president; James Ralph Jr., sixth vice-president; Rudolph J. Tausig, secretary; A. W. Foster, treasurer.

On the executive committee, which was also re-elected, are Charles C. Moore, Frank L. Brown, Alfred I. Esberg, M. H. de Young, William H. Crocker, Curtis H. Lindley, A. W. Foster, R. B. Hale, James McNab, I. W. Hellman Jr. and Leon Sloss.

Bids have been requested for the laying of a pile foundation for the Manufacturers' building. These will be received at 10:30 a. m. on April 3 in the board of directors' room, Exposition building, Pine and Battery streets. Plans are available at the office of the director of works in the service building at Fillmore and Chestnut streets.

Next Friday bids will be asked for the construction and plumbing of the Agricultural building. These bids will be opened April 15.

Belt Line Celebration

It is expected that Governor Johnson and nearly 100 legislators will attend the celebration of the completion of the State Belt railroad around the harbor front of this city, which is to be held next Saturday.

The following program has been arranged in honor of the solons: 11:30 a. m. to 1 p. m., inspection of the harbor front from the bay of San Francisco on board the United States steamship Slocum. Luncheon on board tendered by the board of state harbor commissioners; 1 to 1:30 p. m., inspection of new docks; 1:30 to 2 p. m., inspection of Belt railroad along its

full length in a belt line train; 2 to 2:45 p. m., auto trip from the end of the belt line at Powell street to Fort Mason (Black Point). Inspection under conduct of Major General Arthur Murray, U. S. A., of the Jefferson street extension of the belt line and the site of proposed tunnel under Fort Mason; also a view of the United States transport docks; 2:45 to 3:15 p. m., inspection of exposition grounds and works in automobiles; 3:30 to 4 p. m., review of United States troops by Governor Hiram W. Johnson at the Presidio, tendered by Major General Arthur Murray, U. S. A.; 4 to 5:30 p. m., automobile tour of Presidio, Golden Gate park and city; 5:30 to 7:30 p. m., dinner at San Francisco Commercial club, tendered by the Panama-Pacific International Exposition company.

Exposition Railway

Preparations are now being made to lay ten miles of standard-gauge track on the exposition grounds at Harbor View for the transportation of exhibits into the fourteen exhibit places. This freight will come by water from all parts of the world and will be discharged at the freight slip opposite the United States transport docks. Cars loaded with exhibits will also come from the tidewater terminals across the bay and the freight boats loaded with cars will anchor alongside the wharf and these cars will be moved onto the exposition tracks and hauled into the exhibit buildings. The freight slip is now under construction and is nearing completion.

The Santa Fe railroad has started work on its great concessions, "The Grand Canyon of Arizona," which will cost \$250,000 to reproduce. More than 200,000 linear feet of piling will be used in preparing foundations for the Transportation building. This great amount of piling will deplete the pile supply in this city and will necessitate shipments to supply the longer timbers.

The sewer in the concessions is practically completed. It has been decided to lay asphalt sidewalks and streets on the grounds throughout the exposition.

NO SENSE OF HUMOR.

A Scientist's Criticism of a Comic Book For Children.

Charles Monselet, a Frenchman of letters, published a comic "scientific dictionary" for the benefit of children, who found no little amusement in his odd accounts of things in the animal world which were perfectly familiar to them, but which were described in a rather fantastic way in M. Monselet's book.

The editor of a certain scientific journal, however, was much surprised and shocked at M. Monselet's ignorance when he took up the book, and he wrote an article about it in his paper, which ran as follows:

"A certain M. Monselet has published a dictionary for the use of children, which contains definitions showing the most extraordinary ignorance, such as the following:

"Sardine—A little fish without any head which lives in oil."

"As if a fish could live without a head and in oil!"

"Another definition:

"Parrot—A bird somewhat resembling the pigeon, generally green when it is not red or yellow or blue. Cockatoos sometimes live to be a hundred years old, except when they are stuffed, and then there is no limit to the length of their life."

"Now, it happens that the parrot is not a pigeon at all and never has the colors that M. Monselet gives to him, and, in short, this M. Monselet knows no more of natural history than he has grains of common sense."

How He Took the Pickle.

The physician had been treating a man for dyspepsia for a long time, and finally, wishing to know how his patient was coming on, he told him to take a pickle just before going to bed and see if he could hold it on his stomach overnight. The next day the man called, and the physician asked him the result.

"Oh, it was all right, doctor," he said, "as long as I was awake, but when I went to sleep it rolled off."

The Duchess of Connaught's Story. We were once staying with the Abercorns, relates Lord Rossmore in "Things I Can Tell," when the Duke and Duchess of Connaught honored them with a visit, and my hostess said to me, "Now, I count on you to amuse the duchess after dinner." Lord Rossmore told her many stories. Then the

"I WON'T HAVE A FOOT WARMER."

duchess said: "I think it is my turn to try to relate something funny, so I'll tell you what happened to the duke and myself coming up here. At every station where the train stopped a porter came up to our carriage with a foot warmer, and at last the duke got so annoyed that, forgetting the same thing had occurred all down the line, he said to the man: 'Go away. I've told you three or four times already that I won't have a foot warmer.' 'Ach, duke, darlin', don't be angry,' answered the porter. 'Sure, an' it's stone cold.'"

Twig of the Family Tree.

Arthur was the feeble minded son of a family who were none too bright themselves. The father was often compelled to apologize for his son's remarks when they had company. One day the family entertained the minister for dinner, and Arthur made a remark that called for an explanation. "You see," began the father, "when Arthur was a small boy he ran away and wandered into the woods. A big storm came up and blew a limb off a tree, striking him on the head. Since the accident he has never been very bright."

Arthur was silent for a few moments before he blurted out: "Huh! It was a darn long limb—struck the whole family."—National Monthly.

A Vile Slander.

One of the curiosities of the house of commons, very rarely seen, was Erie Drax, for many years member for a Dorsetshire borough. Once at a general election on the day previous to the nomination he put out the following address to his constituents: "Electors of Wareham! I understand that some evil disposed person has been circulating a report that I wish my tenants and other persons dependent upon me to vote according to their conscience. This is a dastardly lie, calculated to injure me. I have no wish of the sort. I wish and I intend that these persons shall vote for me."

Pleasantly Engaged.

"What does your husband do all the time? I never see him about." "He acts for the movies." "But in his spare moments?" "Then he goes to see himself act."—Washington Herald.

Investment Certificates

Backed by a Strong Company

Money at interest is the foundation of wealth. The sooner you begin to invest your savings or surplus funds where they will grow, the sooner you will achieve independence.

We have devised a plan of investment which combines convenience with absolute safety, and which insures 6 per cent interest on every dollar deposited with us.

The plan provides "Investment Certificates," which are issued in any amount desired, and upon which the interest is paid quarterly. This form of investment enables a person to place idle funds on a substantial earning basis, with the privilege of withdrawing same at any time by giving reasonable notice of such intention, without loss of interest or principal.

The sum invested and the interest are guaranteed; and to back this guarantee, the company pledges its entire resources.

The Guarantee Building & Investment Company is a corporation, doing business under the laws of California. The company has published an interesting booklet showing the scope of its Real Estate, Building and Investment operations in Los Angeles and vicinity. A copy of this booklet will be mailed upon request.

Savings Bank Deposits

vs

Investments

"How can I invest \$1200.00 now in a savings-bank drawing Four Per Cent Interest, at practically no more risk to the principal than at present, but paying a better rate?"

Before the writer of the above withdraws the money to invest in securities, he should consider the matter very carefully. If the savings bank is a sound institution the money on deposit is already one of the very best investments that human ingenuity has yet devised for a small fund.

The bank is paying 4 per cent compound interest, but a higher rate is wanted. Four per cent in a savings bank may seem a low rate of interest; but when the safety of the investment is considered and the interest is compared with the yield of a high-grade security, it is not disproportionate.

A savings bank depositor, moreover, must not lose sight of the fact that he has something besides his interest.

He has money and it is intact in his bank.

When he buys a security he parts with the money, and he cannot reclaim it except by selling the security. When he loans the money on mortgage his funds are not available for several years.

Planting

We are now in the midst of the tree planting for this season in the Yucaipa Valley. Forty thousand trees are being set. Rome Beauty, Wine-saps, Delicious, Arkansas Blacks, and Winter Danana, are the principal varieties being set. These are the varieties that have been well tried out in the valley and produced such remarkable results. Pears and cherries are also being set, both of which do remarkably well in Yucaipa.

The big water developments and irrigating systems are nearing completion. And now for the surface crops. Hundreds of acres of vegetables are growing.

Tomato growers are wanted. The cannery is ready to contract for 50 acres more. The Yucapa tomatoes, large, smooth and solid, are especially valuable for late shipment.

Remember there is no other land proposition in Southern California equal to the Yucaipa Valley when it comes to soil, irrigation and domestic water, modern improvements and profitable results. Not way up north. Not out on the desert. No stones, no cactus, no brush. The whole valley is garden spot. No fogs. No destructive winds. No late frosts. No desert heat, pleasant all winter. Fine schools, churches, newspaper, library, hotel, stores, woman's club, grocers' club, park, electric light, automobile service. Rural free delivery and all things that make life attractive in this beautiful valley.

And soon this fine opportunity will be gone forever for the land is selling fast. The price so reasonable, the terms so easy, six per cent interest, two years between payments. We go up every week. One day trip to see it all. Only 64 miles away. Go with us and see for yourself. Reo-Land and Yucapa Land Company.

A shipment of tomatoes is expected in the East today or tomorrow. They will probably sell at about \$3 rate, and will no doubt be disposed quickly. No tomatoes have come for more than a week, the Mexican supply having recently been cut off.

account of revolutionary disturbances. Asparagus was quoted about the same, although the product is scarce compared with the recent abundance. Rhubarb continued at the low prices of the past few days, but is expected to decline more shortly. The demand was fair. There is still scarcity of fresh onions, and the price stock shows firmness. Potato receipts were light. Prices continue about the same, with perhaps just a shade steeper feeling being apparent. Sweet potatoes are steady at their prices. Small shipments of asparagus are still received.

WOMAN IN FAVOR OF MARRIAGE WITH JAP

Anonymous Writer Expresses Herself in Communication to Peace Justice

TAKES THE SIDE OF LITTLE BROWN MAN

Queer Experiences Related by Some Folks Who Have Been Married

Marriage of Japanese and Americans is favored by an anonymous writer in a letter that Justice of the Peace Cox received in his morning mail today. The chirography is evidently that of a woman who takes an unusual interest in the recent case wherein a local Jap applied for a license to wed a white girl but met with refusal from County Clerk Williams.

It was on March 11 that a Japanese restaurant keeper, of Santa Ana,

sought to secure the official permit to marry Miss Ada Morrill, who claimed Azusa as her place of residence. Upon advice of District Attorney West, who held that the laws of California prohibit the marriage of Mongolians with Caucasians, the county clerk refused to grant the "little brown man's" application.

The author of the letter addressed to Justice Cox also includes Williams in her screed, which bluntly attempts to reflect upon the American young women who marry. The first portion of the letter reads as follows:

Santa Ana, Calif. —

Dear Mr. Cox & Williams: I'm so sorry the Japanese and American woman couldn't get the marriage license. I'm not acquainted with them but admire the Japanese for being so clean and industrious. They will make better husbands than the young American boys of today. There is no indication as to the identity of the writer. She closes her note by expressing lack of belief in the willingness of American girls to assume the duties and responsibilities of matrimony.

"I get some mighty queer letters on this subject," said Justice Cox in commenting upon the incident. "Only a short time ago I married a couple who appeared most devoted to each other, a regular case of the clinging vine and the sturdy oak. The groom was from Modesto and the girl from Venice. Well, it wasn't more than a month later when I received a letter from the man asking me to advise him how to secure a divorce. He declared his wife didn't love him and was willing to return to her home in Venice. He said he had tried to please her in every way but to no avail."

"Another case was where a woman residing hereabouts married a fellow whom she later discovered had a wife and family back in Maine. In contrast to this was a young couple from Los Angeles who were married six months after their marriage, which ceremony I performed, that they were as happy as two little pigs in clover."

DR. FRIEDMANN TO MAKE SEVERE TEST

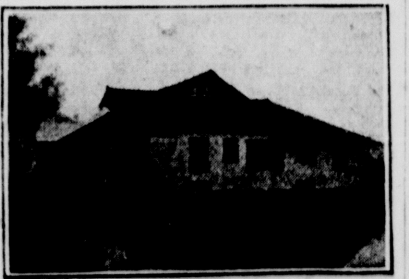

Takes 100 Patients in Advanced Stages of Consumption for Serum Treatment

NEW YORK, March 29.—Dr. F. F. Friedmann, with surgeons of the United States Marine hospital and public health service, has selected 100 patients in advanced stages of consumption at the Seton hospital for inoculation with his turtle serum.

This will be the most severe test to which Dr. Friedmann's cure has yet been subjected. The patients selected yesterday are all in the most advanced stages of the disease.

Charles Hundt, Dr. Friedmann's secretary, has announced that by the end of another week plans would be completed by which the German specialist's vaccine would be placed in the hands of physicians all over the country.

TWO NEGROES IN SITUATIONS SERIOUS

One Charged With Attempt to Poison Girl Whom Other Wishes to Marry

Two criminal cases that have attained considerable notoriety were formally brought into the superior court yesterday afternoon when District Attorney West filed informations against Sam Henderson and Sam Nettles, both negroes, and both residents of the county outside of the county seat, and while each is charged with separate and distinct offenses, there is a certain bond of mutual interest in each case because Henderson was a devoted admirer of Nettles' stepdaughter, whom Nettles is accused of attempting to poison. Neither man was represented by attorney.

Nettles' case was the first to be called. He pleaded "not guilty" to the charge against him, and his trial was fixed for May 12. No motive has been made public in explanation of the charge against Nettles, or why he should desire the death of his stepdaughter. His home is at Fullerton. Henderson pleaded "guilty" to the charge filed against him, and asked for probation. Hearing on his request was set for April 3. Henderson is held for the alleged robbery of the residence of Earl D. Gray at Anaheim, and taking away goods valued at over \$500. It is said that he was gathering the articles preparatory to asking Miss Nettles to become his bride and starting up housekeeping.

Two Divorce Cases
An interlocutory decree of divorce has been granted by Judge West to Lillian Surbeck Huntton from Price Huntton. Attorney Forgy represented the plaintiff.

The suit of Mrs. E. F. Letourneau for divorce was heard yesterday afternoon and taken under advisement. Clyde Bishop appeared as attorney for the plaintiff.
Committed to Patton
Gideon S. Myers, the old soldier taken into custody at Huntington Beach a few days ago, was adjudged insane and committed to Patton asylum by order of Judge West yesterday. The old man has been making his home at Wintersburg. He is 68 years old.

Appraisers Named
Judge West has appointed J. G. Quick, W. A. Ross and George Ross to appraise the estate of J. A. Bishop.

New Deputy Sheriffs
O. H. Smith and John King were today appointed deputy sheriffs by Sheriff Rudbeck.

Marriage Licenses
Carl G. Anderson, 24, and Eva Jones, 29, both of Los Angeles.
Charles W. Oppe, 23, and Anita W. Reynolds, 18, both of Los Angeles.

Charles P. Austin, 39, and Martha Braunwait, 22, both of Los Angeles.

PAPA AND THE POLICE TIP PLANES OF BOY AVIATOR

SAN FRANCISCO, March 29.—William Grindle, aged 16, came to San Francisco from Seattle this morning on the steamer Buckman, planning to enter a school for aviators and fly back home within a few months to visit his relatives.

But William was met at the steamer by a big cop, who invited him to the police station, where he remained until a train could be arranged to take him back to his home, where his father is waiting for him near a large pile of cordwood.

William confided he was very much disappointed in the manner in which the planes of his soaring ambition had been broken. He had an idea that all a boy needed to do was to come to San Francisco and announce he wasn't afraid to take a chance of

wearing a wooden overcoat and some generous citizen would furnish him with an aeroplane.

He still maintains he is going to fly some day.

HUSBAND'S SOLICITUDE IS CAUSE OF DIVORCE

SAN FRANCISCO, March 29.—John L. Eakin, an auto mechanic, had a habit of loitering about 2345 Devisadero street, the house where his wife, Anna Eakin, was employed, and annoying her by spying on all of her actions. Mrs. Eakin told her troubles to Judge Graham this morning. Some times, she said John pecked into the kitchen through the back door; sometimes he peered into the house at her through the front window, and he made her so nervous she did not know whether she "was cooking hot cakes or waffles." Judge Graham ruled she was entitled to a divorce.

WILSON COMPLETES TARIFF MESSAGE

Message Insists on Immediate and Downward Revision; Details Left to Congress

WASHINGTON, March 29.—With the proposed Democratic tariff bill before him and with the views of the house party leaders still fresh in his mind, President Wilson has completed the tariff message which will be submitted to congress on the convening of the special session which he has called for April 7.

This message concerns only the tariff. It is 1200 words long, or a little more than a newspaper column. It is not drastic nor revolutionary but it insists on immediate revision of the tariff and on revision downward.

The message will not recommend free wool nor free coal nor free sugar. Details of the bill or bills will be left to congress.

Former Santa Anan Is Now Located

At Phoenix, in Land Business
Wm. Besser, formerly of Santa Ana, writes that he is now located permanently at Phoenix, Arizona, where he has associated himself with the Arizona Irrigated Land Co., and invites all his old friends of Santa Ana and Orange county to make his office their headquarters when in Phoenix. Mr. Besser writes that he has already purchased a large tract of land himself and sees so many former Santa Ana and Orange county people on the streets of Phoenix that he feels thoroughly at home.—Adv.

The Cause of Rheumatism

Stomach trouble, lazy liver and deranged kidneys are the cause of rheumatism. Get your stomach, liver, kidneys and bowels in healthy condition by taking Electric Bitters, and you will not be troubled with the pains of rheumatism. Charles B. Allen, a school principal, of Sylvania, Ga., who suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys, writes: "All remedies failed until I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Maybe your rheumatic pains come from stomach, liver and kidney troubles. Electric Bitters will give you prompt relief, 50c and \$1.00. Recommended by all druggists.—Advertisement.

PACIFIC COAST CITIES ARE LIBERAL

Raising Large Amounts of Cash for Sufferers from Floods in Ohio and Indiana

LOS ANGELES, March 29.—The amount pledged in Los Angeles for the benefit of the unfortunate in the flooded zone of Ohio and other states, up to last evening, according to the estimate of the Executive Committee of the Federation of State Societies, was \$40,000. It appears now that the benefit mass meeting last night at the Auditorium, and the various other benefits planned for next week, will easily increase the total amount of subscriptions to \$100,000.

San Francisco Liberal
SAN FRANCISCO, March 29.—Alten Knight, treasurer of the San Francisco chapter of the National Red Cross Society, announced yesterday that approximately \$20,000 has been raised so far for the relief of the flood sufferers.

Oakland Is Active
OAKLAND, March 29.—More than \$3000 of a proposed \$50,000 fund was raised here yesterday for the relief of the flood-stricken towns of Ohio and Indiana. It is planned to send \$25,000 as soon as possible and to double that amount in case continued relief is needed.

Five thousand dollars was forwarded by telegraph last night, to Chicago and it is proposed to wire funds daily.

INDIANS COME HERE TO PLAY BASEBALL

Indians who compose the famous aggregation of baseball players at the Sherman Institute, Riverside, are in Santa Ana this afternoon to cross bats with the crack team that represents Santa Ana high school. A large crowd of rooters welcomed the redmen upon their arrival and upon their arrival at Lincoln field they were given warm welcome. Extra interest is taken in the game this afternoon as the Indians only won from the Santa Ana boys recently at Riverside by a narrow margin, so the locals are hopeful of victory today.
